*The Debt of the Cemetery is kept separately from the ordinary City Debt, and provision is made for the payment of the same by the proceeds of the sale of lots in the grounds, as will be seen by the following section from the Act obtained from the Legislature :—

SECTION 4. "The proceeds of sales of lots or rights of burial in said Cemetery shall be paid into the City Treasury, to be kept separate from any other funds of the City, and subject to the order of said Commissioners, and such proceeds shall be devoted to the liquidation of the debt incurred in the purchase of the land for said Cemetery, and to the improvement and embellishment thereof, as aforesaid, under the direction of said board of Commissioners. And no other moneys shall be appropriated from the City Treasury by the City Council for such improvement and embellishment."

JOSEPH W. DUDLEY, *City Treasurer.*

Roxbury, March 6, 1863.

City of Roxbury, March 6, 1863.

The undersigned, Joint Standing Committee on Accounts, in pursuance of the provisions of the eighth section of the Ordinance entitled "An Ordinance establishing a system of Accountability in the Expenditures of the City," requiring them to audit the Account of the City Treasurer at the close of each municipal year, and as much oftener as they may deem expedient, hereby certify that we have examined and audited the within Account of Joseph W. Dudley, City Treasurer, and find the same correctly cast, and all payments and expenditures therein charged against the City, are sustained by the necessary vouchers.

We find that there has been received into the Treasury at sundry times within the year ending January 31, 1863, the sum of *five hundred twenty-seven thousand six and* 83-100 *dollars*, which, with the balance on hand January 31, 1862, of *sixty-two thousand five hundred sixty-four and* 97-000 *dollars*, makes a total receipt of the year of *five hundred eighty-nine thousand five hundred seventy-one and* 80-100 *dollars;* and there has been paid out from the Treasury during the same period, the sum of *five hundred seventeen thousand five hundred eighty and* 31-100 *dollars;* leaving a balance in the Treasury, January 31, 1863, of *seventy-one thousand nine hundred ninety-one and* 49-100 *dollars*, including in which is the sum of *forty-two thousand four hundred seventy-two and* 95-100 *dollars* of taxes unpaid.

REPORT

OF THE

OVERSEERS OF THE POOR.

City of Roxbury, Jan. 26, 1863.

To the Board of Overseers of the Poor:

Gentlemen—I transmit herewith the Report of the Superintendent of the Alms-house, the Report of the Agent of the Overseers of the Poor, and the Report of the Physician to the Alms-house, and recommend that the same be printed with the Annual Report of the Receipts and Expenditures of the City.

GEORGE LEWIS,
Chairman of the Overseers of the Poor.

In Board of Overseers of the Poor, Jan. 26, 1863.

Referred to the Mayor with a request to cause the whole or such portion to be printed as he deems expedient, with the Annual Report of the Overseers of the Poor, in connection with the Receipts and Expenditures of the City.

JOSHUA SEAVER, *Secretary.*

REPORT OF THE SUPERINTENDENT OF THE ALMS-HOUSE.

ROXBURY ALMS-HOUSE, JAN. 26, 1863.

To the Board of Overseers of the Poor of the City of Roxbury:

GENTLEMEN—The time having again arrived for me to present to you my Annual Report relating to the inmates and condition of the Almshouse, I beg leave to present the following statements:—

The number of inmates in the house Feb. 1, 1862, .	37	
Admitted having settlement in this City, . .	18	
	—	55
Discharged and absconded, ...	11	
Present number belonging, ...	44	
	—	55
The number of paupers sent to State Alms-house, .	72	
Number of travellers provided with food and lodging,	250	

The health of the inmates the past year has been unusually good. There has not a death occurred among the regular inmates of the house during the year.

There have been several State paupers admitted to the house too sick to be moved to the State Alms-house. Two of these died, —one was an insane woman, who died the second day after being admitted; the other, was a little child admitted to the pest-house with small-pox, and lived but a few days. There were two other cases at the same time.

The Physician, Dr. Flint, has been faithful to the trust confided to him. His professional duties have been discharged in a gentlemanly and highly satisfactory manner, and I again, with much pleasure, recommend him to the kind consideration of the present Board of Overseers. For a fuller statement of the medical department, you are referred to the Physician's Report.

The class of inmates now occupying the house are mostly old men and children, and are not able to perform much of any kind of labor, and are here only from accidental causes entirely

beyond their control, and the most of them are not insensible to the many favors they have received through the kind home that has been provided for them at the Alms-house. The general deportment of most of them during the year has been good. The whole expense for the support of the Alms-house the past year has been $4,440 10.

The City have belonging to the Alms-house about the same amount of stock as in years previous. There are two cows, one horse, four hogs, three waggons, one horse-cart, one sleigh, two harnesses, and farming utensils necessary to carry on and cultivate the land belonging to the establishment. There are also two horses, with waggons and harnesses, for collection of house offal, neither of which belongs to the Alms-house property. The expense of keeping them is charged to the house offal account.

The land cultivated the past year has produced very well; sufficient vegetables of all kinds have been raised for the use of the house the present year. There were 3,500 lbs. of pork raised during the year.

Gentlemen: in conclusion we say, that the house and out-buildings are in good condition, and through the vigilance of the several members of the Board of Overseers for the past five years, the house has been made a model house, for convenience and comfort not to be surpassed in this Commonwealth. The house is furnished with sufficient furniture, beds and bedding for the comfort of the present occupants, and I know of no additional expense that need be incurred the coming year for repairs.

I remain, gentlemen, very respectfully, your obedient servant,

EZRA YOUNG,
Superintendent of Alms-house.

N. B. The only birth which occurred in the house during the year took place on Saturday last. An Irish woman, giving the name of Ellen Pope, made her way into the Police Station about 8 o'clock, A. M., and was immediately brought to the house, and at 1 o'clock, P. M. gave birth to an heir to the Commonwealth of Massachusetts.

REPORT OF THE AGENT OF THE OVERSEERS OF THE POOR.

To the Overseers of the Poor for the City of Roxbury :

GENTLEMEN—Herewith I present a brief report of my proceedings, as your Agent, for the year commencing the 1st of February, 1862. The precise amount expended for those having *no settlement*, I have not made up, but will hazard the opinion that about three-fourths of the entire amount is dispensed to that class.

I had supposed the calls this winter would be less than in winters gone by, for various reasons. One, that mechanical labor has never been in such demand in any winter since I have filled this position. Another, that, thus far, we have had a milder winter than for many years. But the calls are about the same as in winters past. In many cases, with the approval of the Overseers of the Ward, I say, *no*. I am also fully satisfied, that, in some of the cases, where the *no* is not given, that it would be more for the interest of the City, the giver, and for the recipient to have it given, emphatically, because the class that I speak of should go where they can be provided for by the State, whose duty it is, and not ours, instead of remaining here in idleness, and dependent upon public and private charity. But little has been given by your Agent in the six months from last March, except in cases of extreme want and settlement cases. Since the first of December, and including this month, a large amount has been given, say about one thousand dollars, of which, about one fifth has been given to persons having a legal settlement here or elsewhere in the State, and, therefore, chargeable to the town or city liable by law to pay it. I have prepared a table for this month, which will probably indicate about the proportions with which these amounts are distributed.

Settlement cases,								$135 00
No settlement,		Ward	1,	58	families,	about		190 00
"	"	"	2,	15	"	"		60 00
"	"	"	3,	58	"	"		190 00
"	"	"	4,	4	"	"		13 00
"	"	"	5,	3	"	"		10 00
			Making in all,					$598 00

Of those having no settlement, many are the wives and parents of soldiers, who, it is true, get the State and City's liberal allowance, some of them $18 per month, but *none* from the soldiers, they not having received any pay from the U. S. Government for months. With the approval of the Overseer for the Ward, I have given in such cases a considerable amount. The amount expended is greater than the previous year; one reason of which is, that *fuel*, the article mostly given, is 50 per cent. higher than last year, $9 per ton, for coal, against $6 last year. Much less was done in December last, in the way of transient aid, than in the corresponding month of 1861. Applicants were put off until January, and that accounts for the increase in a great degree.

Respectfully submitted,

JOSHUA SEAVER, *Agent.*

Roxbury, Jan. 26, 1863.

REPORT OF THE PHYSICIAN TO THE ALMS-HOUSE.

ROXBURY, JAN. 26, 1863.

To the Overseers of the Poor of the City of Roxbury:

GENTLEMEN—The health of the inmates the past year has been unusually good. The sickness that has prevailed, for the most part, has been of such a nature as we might expect in a class of persons, many of whom are life-long invalids. At the beginning of the year the number was thirty-seven, and at the present time forty-six, of whom one half are under twenty years of age.

Fewer cases than ever before have been admitted, either of acute disease, accident, or insanity. During the last spring, a family consisting of mother and three children under seven years of age, were brought here, with one child in the advanced stage of small-pox, which very briefly was fatal. Just prior to admission, the other two children had been vaccinated, but this, after a few days, proving to be without success, they were re-vaccinated, in season to modify the severity of the disease, and exhibit, in a marked degree, the protective power of vaccination. Both had varioloid, and both were speedily convalescent. In October a woman was brought here in a state of active delirium, resulting from typhoid fever. She soon became comatose, and within about thirty-six hours was dead. These two deaths comprise all that have occurred among the inmates during the year.

In August the Institution suffered a serious loss in the sudden decease of its most excellent and efficient matron. She had been for a long time connected with the establishment in some capacity, was well versed in the requisite duties of the place, and seemed by nature eminently fitted for the position in which she

was placed. With a heart keenly sensitive to the sufferings of those around her, and a hand ever open to extend every possible relief, with the prompt word of encouragement for all in despondency or affliction, and the ready excuse at command in extenuation of fault, her kindly sympathies here found ample scope, and her life, quiet and unobtrusive, was spent in doing good to all within her sphere. While we mourn her untimely death, and extend to those in bereavement this brief tribute of our sympathy, we will ever remember, with feelings of cordial respect, her many admirable traits of character, and the record of her blameless life.

The condition of the house is every thing that could be desired; if deficiency exist in any respect, it has escaped my observation. The inmates feel, for the most part, I think, that every needed provision for their comfort is liberally supplied, and only such restrictions are placed on their liberty as seem most likely to promote their personal well being and the common good of all.

And, finally, to every one concerned in the management of this Institution is due much of commendation, for successful effort to make it a model of its kind, a home for the destitute, a credit to the City.

Respectfully submitted,

John S. Flint,
Physician to the Alms-house.

Of the 13 arrests, for offences committed without the city, 5 were for breaking and entering,—4 for assault and battery,—2 for malicious mischief,—1 for larceny, and 1 for fruit pilfering.

One thousand and eight of the arrests were of persons of foreign birth, and, of the remainder, 79 were born in Roxbury,—219 were minors, and 279 were females.

Four hundred and thirty-nine persons have been provided with lodgings in the lock-up, of which 346 were foreigners,—77 were females, and 44 were minors.

The regular force of the department consists of the Marshal, 7 day men, 11 watchmen, and the keeper of the lock-up, who acts as officer of the Court.

The expenses have amounted to $16,052 35, being about $200 less than the year previous.

The fees of the police are mostly drawn by the Clerk of the Police Court, and by him paid over to the City Treasurer, and, as far as can now be ascertained, are about $500 less than in the year 1861. This diminution is owing to the smaller number of complaints and commitments, and to the reduction of fees by an Act passed by our Legislature during the session of 1862.

The amount paid for special police service has been $232, while in 1861 it was $571, and in 1860 it was $1,310.

I have paid out $120 99 for arresting and securing prisoners, conveying them to Dedham, &c., and have received for fees and service of the police, $51 80.

Our City has been quiet and orderly during the past year, notwithstanding the excitement attending upon enlisting. In consequence of recruiting, a large amount of extra labor was required of the police. These extra services were all rendered cheerfully and without pay.

Intemperance still exists in our City, yet it does not seem to have increased during the year. I have, as yet, seen no reason for changing my opinion, that a judicious license law presents the only practical way for mitigating the evil.

Our City has not suffered much from robberies during the year, and the number of incendiary fires has been comparatively small, and had not the Fire Inquest law been abolished, perhaps the number would have been still less.

The early re-establishment of the Truant School would, I am fully convinced, be highly conducive to the welfare of the City, as a large number of idle and mischievous boys might then be taken care of, and kept from the commission of crime.

Many rebellious dogs have met their just doom within the past year, and the canine undertaker still goes the rounds, with hook and spade, performing his useful labors, and has buried during the year, 753 dogs; 116 hogs; 61 goats; 1,025 cats, and 1 skunk—1,956 bodies in all. These were found in the creeks, vacant lots, and public streets. Though the undertaker is considered honest, yet, it must be confessed, that he *hooked* quite a large number of these dead bodies before burying them.

The Roxbury Police still maintains its character for usefulness and efficiency, its members continuing faithful and prompt in the discharge of duty.

Since Roxbury became a City, nearly every man who has received an appointment as a regular police officer, whether in the department now or not, is still living, with the exception of Mr. James D. Loker, who, conceiving it to be his duty to leave the service of the City for that of his country, enlisted as a soldier in Capt. Graham's Company in August last. He went to the seat of war, and died in the service of his country. He was an honest man, a faithful and vigilant police officer, and stood high as a sol-

dier. His death is a loss to the City, and to the company and regiment to which he was attached.

Six of the police have sent their sons to the war,—one sending three, another two, and four one each. But one member of the department has a son old enough who has not gone, he being lame. This fact I cannot but regard as an honor to the department and to the City, as well as to those whose sons have become soldiers in the service of their country.

The subject of uniforming the police has once been before a former City Government, which did not then deem the measure expedient. I am aware that objections are offered to a uniform; but I have never heard of but one worthy of any consideration; and that is, that a police officer in uniform may be more easily seen by rogues and thieves. No doubt such would be the case. So, too, could honest men see him better, when they wished to call on him for help.

Complaint is often made that a police officer can never be seen where he is wanted, when, perhaps, he is often near, but cannot be distinguished from other citizens. The known presence of a police officer in a crowd, will, in most cases, prevent a breach of the peace; and in case of a row, an officer in uniform is not so liable to personal assaults, as one in citizen's dress. A former Deputy Chief of the Boston Police informed me that after their men were uniformed, the assaults on officers diminished one half.

One of the great objects of a police organization is the prevention of crime, as well as the detection of the criminal. I feel fully convinced that the uniforming of the most of the police would add much to their efficiency in the way of prevention, and detract nothing in the way of detection; and I would, therefore, recommend the subject for your consideration.

Before our Police Court, wealth and poverty meet on equal terms, and mercy is never lost sight of.

The regular Clerk of the Police Court went to the seat of war as a surgeon; and the Clerk pro tem., who took his place, is also gone. They both left, followed by the good wishes of those with whom they were officially associated, who cheerfully bear testimony to the faithfulness with which they performed their duties

here. The present Clerk pro tem. is believed to be fully competent, and gives entire satisfaction to all who have business with our Police Court.

The City Physician has always been prompt and attentive whenever he has been called upon by the police to attend to such prisoners as required medical assistance; and the demands upon him have been quite frequent.

My thanks are due to the Government of last year for the confidence reposed in me; to the several members of the Police Department, for their cheerful co-operation; and to all who have given me their countenance and support in the discharge of duty.

Respectfully submitted,

BENJAMIN MERIAM,
City Marshal.

REPORT

OF THE

Chief Engineer of the Fire Department.

To the Honorable Mayor, Aldermen and Common Council:

GENTLEMEN,—I herewith submit my Annual Report of the condition of the Fire Department of the City of Roxbury.

The number of hand Engines in active use is three, the same as last year, retaining their old numbers, viz: No.'s one, six and seven.

Also one Steam Fire Engine, and Hose carriage connected; one Hose carriage, and one Hook and Ladder carriage, which constitute the entire force of the apparatus now in service.

During the past year, there have not been any fires of great magnitude; the most serious being the burning of Capt. Welsh's house on Lambert Avenue and an establishment on Pine Island; and we have been able to get along without assistance from abroad.

The discipline of the department has been perfect, not a case of insubordination having been reported, thus relieving the Board of Aldermen of an annoyance which in many previous years has been serious.

During the past year two reservoirs have been constructed in much needed parts of the city, and I recommend the same number be built this year.

The Hand Engines, Hose, and Hook and Ladder carriages are in good working condition, care being taken to have them always in good repair, believing it to be better economy to make little repairs when needed, than to postpone till a large outlay would be inevitable.

The working of the Steamer is very satisfactory and reliable. When it was first put in use, it often disappointed, and would sometimes fail just when its service was almost indispensable. But a radical defect in its suction has been discovered and remedied, and now it works quick and never fails.

I would respectfully recommend that another Steamer be purchased by the city. The experience of other cities has fully tested their utility, and in many places the hand engines have given way entirely to steam.

The cost of running a steamer with the hose carriage is about one-third more than that of a hand engine, but should a new steamer be purchased, two of those now in use could be dispensed with and a large annual saving made. The old spirit of rivalry, and love of excitement, which formerly distinguished firemen is fast subsiding, much, we believe, to the welfare and benefit of the community; but it is followed by a great reluctance on the part of our well disposed and orderly citizens to join the department, from the severe physical labor and exposure incident thereto.

Other evils which in the past have been apparent, would also be avoided, and, we are firm in the belief, if we had an entire steam apparatus for extinguishing fires, it would become strictly a matter of business, and the city would be effectually guarded against the calamities of fire.

The hose purchased last year of the Belting Co. has fully answered expectations. It is durable, easily kept clean, and needs no oiling.

The engine houses are in good repair, except the house of No. seven, where quite a large sum will be necessary to put it in good order; and even after this is done, it is not so large as is desirable.

The whole number of alarms was fifteen less than that of 1861, and there was but one false alarm.

Total Amount of Loss, $41,235. Insurance, $34,450.

It gives me pleasure to acknowledge the harmonious action of my associates in the Board of Engineers, and their zealous devotion to the interests of the city.

The accompanying documents give a full report of the members of the department, condition of the engines and apparatus, list of hydrants and reservoirs, and the general condition of the department.

Respectfully submitted,

JAMES MUNROE,
Chief Engineer.

REPORT

OF THE

COMMISSIONERS OF FOREST HILLS CEMETERY.

In conformity to the fifth section of "An Act relative to a Public Cemetery in the City of Roxbury," the Commissioners respectfully submit their

FIFTEENTH ANNUAL REPORT.

The interest the public take in Forest Hills Cemetery continues to increase; our receipts have been larger the past than any previous year.

Monuments. Twenty monuments have been erected the past year.

Avenues. Seventeen hundred feet have been excavated and filled with stone and gravel.

Paths. Eight hundred and fifty-five feet of paths have been excavated and filled with stone and gravel.

Lots finished. One hundred and twelve lots and sixty-five graves are now ready for sale.

Fences. Four lots have been enclosed with iron fences, and ten with granite and three with hedges.

Interments. Five hundred and eighty-nine interments, in private lots and in the field of Ephron, have been made the past year.

The fund for the perpetual care of lots now amounts to three thousand and sixty-five dollars. The importance of this arrangement has been stated in previous reports.

The late Horatio Davis has bequeathed to the Commissioners, in trust, five hundred dollars, the interest to be devoted to the care of his lot.

The late Nathaniel Snow has bequeathed to the Commissioners, in trust, two thousand dollars, one half the interest to be devoted to the care of his lot, the other half for the purpose of general ornament.

Fifteen thousand dollars have been invested in United States Bonds; it having been ascertained that this amount would not be expended at present, we thought it best to have it placed on interest, in view of a large expenditure in the renewal of the present gate-way in granite, and in laying permanent walls where the Cemetery is bounded by the highway.

One thousand dollars of the debt to Edmund M. Fowler, has been paid the past year. Six thousand dollars, the balance, will be due, three thousand dollars next December, and three thousand dollars in December, 1864.

FRANCIS C. HEAD,

Secretary of the Commissioners of Forest Hills Cemetery.

ROXBURY, FEB. 23, 1863.

IN BOARD OF ALDERMEN, FEB. 24, 1863.

Report accepted and referred to the Committee on Accounts, with instructions to cause the same to be printed with the Receipts and Expenditures of the City.

Sent down for concurrence. JOSEPH W. TUCKER, *City Clerk.*

IN COMMON COUNCIL, FEB. 24, 1863.

Concurred.

JOSHUA SEAVER, *Clerk.*

MEMORANDA FOR PROPRIETORS.

The Records of Deeds are kept in the City Hall, under the direction of the City Clerk, and are the only evidence of the title of a Proprietor recognized by the Commissioners; consequently when a person receives a lot by transfer from a Proprietor, he should immediately send his deed at once to the City Clerk's office for record.

Care of Lots. A book is kept at the Superintendent's office at the Cemetery, in which are entered all orders for the care of lots. Proprietors should be particular to specify what care they desire to be devoted to their lots, and it is requested that all orders given should be in writing.

Flowers. Proprietors in want of flowers to beautify their lots, will find them at the Cemetery by calling on Mr. Duncan Welsh, the gardener, with whom they can settle for the same.

Interments. For a deposit in the receiving tomb, to remain not over 60 days, the price charged will be *fifteen dollars.* If a lot is purchased within that time, a part of the deposit money will be refunded. For a single grave in the "Field of Ephron," *ten dollars* and the necessary fees for digging a grave, interment, &c. For digging a grave for an adult, making interment and recording, $3. For digging a grave for a child under ten years old, $2.

The above sums are all payable at or before the time of interment.

CEMETERY NOTICE.

For the information of those who do not know already, it may be well to state, that visitors can take the Dedham train of cars, and stop at the Forest Hills station, which leaves them within five minutes' walk of the Cemetery. Any information relative to the Cemetery can be obtained of Oliver Moulton, Superintendent at the grounds; Joseph W. Tucker, City Clerk, City Hall, Roxbury; or either of the Commissioners.
